## PUROBEACH VILAMOURA, ALGARVE - PORTUGAL

Purobeach is shoreline cool for sophisticated and urban lifestyles: restaurant, lounge bar, Tai Chi and massage area – all you need to nourish mind, body and soul. Purobeach is the fusion point for a healthy and calming style – perhaps even spiritual – during the day, with the vibrance of the night and a dance floor that doesn't stop rolling.

Purobeach Vilamoura follows on from the international success of the concept which started in Spain. This oasis can be found on the amazing beach of Vilamoura, right next to the Marina, and in the gardens of the Tivoli Marina Vilamoura, with the highlight on Purobeach Vilamoura in this mix of two incredible spots.

On the beach, the decoration is clearly exotic and the service exclusive. As the sun rises enjoy a session of Tai Chi, a massage or just simply relax in the body-hugging comfort of the chairs and beds while you take in the music and let your mind drift off. The DJs provide perfect sounds for relaxing into the early evening while you snack on a delicious salad next to the waves. On this exclusive beach, the Sunset Ceremony signals the start of the night and the switch to party mood, with music and cocktails which go on until the early hours at the Lakeside.

In the lake and in the exotic gardens of the Tivoli Marina Vilamoura, you'll find the Lakeside Area – the Purobeach, Night Spot with stylish dining and summer long theme parties with DJs and live performances.
